- **IMPOUND:** All cars must report directly to the impound area after each qualifying and race session. The Chief Steward will release each group as soon as possible. Those entering their car in more than one race group must notify the Chief of Tech prior to impound to secure an early release to their next race group. For example, SM can be legal in both SM and ITA.

• **PIT AND PADDOCK AREA:** Pre-Grid/Grid, Tech/Impound and the Hot Pits are **RESTRICTED AREAS. HOT PASSES (and SCCA membership) ARE REQUIRED.** Pre-grid is closed to through traffic at all times.

PACE CAR:

When a **PACE CAR** is used, its lights will be turned off to signify the final lap run under yellow. At that time, the double yellow flags at each flagging station will be dropped as well. When **NO PACE CAR** is used, the double yellow flags will be dropped to signify the equivalent of "lights out" on the pace car. At that time, it is the pole sitter's responsibility to PACE the field at a steady 40 to 50 mph.

TRANSPONDERS:

AMB TRANX260 System transponders are required for all cars.

Purchases: Transponders may be purchased at the Buttonwillow Raceway Park Office.

Rental: Transponder rentals are available on a first come, first served basis at the Buttonwillow Raceway Park Office and at Registration at Willow Springs and California Speedway.

IT IS THE DRIVER'S RESPONSIBILITY TO MAKE SURE HIS/HER TRANSPONDER IS WORKING.

California Speedway Specific: Due to the distance between the Timing and Scoring tower and the track it is very important that the numbers on race cars are clearly visible from a distance. Often on small open wheel cars the numbers are simply not visible from the Timing and Scoring tower. It is the racer's responsibility to insure that the numbers on his/her race car are sufficiently highlighted or of sufficient size to be readily readable by Timing and Scoring personnel. The numbers are back-up for the required transponders and are

necessary for accurate scoring. If the numbers are not clear and the transponder for the car does not work, the racer may not be recorded or scored by Timing and Scoring.

PERSONAL TIMING SYSTEMS:

Trackside triggers/beacons for data logging and lap timing systems may be placed only in the designated area. This area will be **30 feet each side of the Start/Finish line** at all tracks except California Speedway, which has a designated area set aside for this purpose. No devices are permitted elsewhere as they disrupt others attempting to get valid times.

RACE LENGTH:

Race length will be the number of laps or specified times as listed on each Event Schedule. **Schedules are subject to change by the Stewards of the Meet (SOM's).**

REGIONAL ONLY CLASSES:

Regional Classes are per the current GCR. Cal Club Regional Only preparation rules are available at the Cal Club Office and on the Cal Club Web site: www.calclub.com

REGIONAL POINTS:

Regional Championship points will be accumulated based upon the total number of 2007 Cal Club regional races for your class, less two races. As an example, if there are 12 sanctioned events for your class in 2007, only 10 races are scored for the Regional Championship. If a qualifying race format is utilized, only the final race of each sanctioned race will be scored for Regional Championship points. Points will be awarded per the GCR for all classes except Pro-7, SM, and SRF, Pro-7, SM, and SRF will use the expanded 28 point scoring system. The Enduro will count towards the Regional Championship. See Enduro Supp for details.

RESULTS:

See each track for location of final results. If final results are not available at the track a copy will be mailed to you within 7 days of the event. Official results will be published within the So Pac News following the event. Additionally "MY LAPS" will record the results. Additionally official results will be posted on the Cal Club Website at www.calclub.com

TROPHIES:

Trophies or other awards will be given to the top three finishers in each class. All first place finishers will receive a checkered flag. Trophies and awards will be presented in a ceremony at impound after the race. Trophies for National events are per the GCR.
