Rev 1-3-2021

Races are held under the **2021 SCCA General Competition Rules** with the following Supplemental Regulations. For Cal Club Racing Championships, the provisions of 2021 GCR will apply and these provisions are incorporated into these Supplemental Regulations as set forth in full.

## **Notice to Participants:**

*In light of the current COVID-19 situation, every attempt will be made to minimize the risks of exposure to the virus. Processes and procedures were developed in 2020 and will continue into the 2021 SCCA Racing Season events.*

*Ultimately, it is your responsibility to assess the risk to you, both on-track and off, and to make the decision on whether or not to participate. If you are feeling unwell or are experiencing symptoms such as fever, cough, or shortness of breath please stay home. If you have been in contact with someone who has been experiencing these symptoms in the last two weeks, please stay home.*

*While on site please take the health and safety of your fellow participants, volunteers and staff into consideration and practice social distancing, wear a mask, and wash your hands and/or use hand sanitizer frequently.*

*Specific protocols unique to each event will be published as part of the Driver Information Package for the event. These COVID rules are to be considered mandatory for event participation.*

**An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. By participating in any Cal Club SCCA event, you voluntarily assume all risks related to exposure to COVID-19.**

## **EVENT ENTRY:**

- **2021 ENTRY FEES:** As each track has unique rental costs, entry fees for 2021 events will be identified both in the MotorsportsReg entry process for each event, as well as displayed on the hard-copy entry form specific for each event. Entry fees are heavily influenced by what the track charges for a weekend rental, as well as mandatory SCCA fees for Sanctions, insurance, Tow Funds, and Worker Funds, combined with the general overhead to transport and maintain equipment, and feed volunteer workers.

## TECHNICAL AND SAFETY INSPECTION:

- **TECH:** Event Tech Stickers will be issued at Registration to pre-registered drivers who bring their logbook with an Annual Tech stamp and have their appropriate logbook page filled out for the event. Drivers without an Annual Tech stamp must complete the pre-race technical inspection at the appointed location to obtain their Tech Sticker.

- **SCALES:** Scales are available from 10:00 am to the end of practice. During qualifying and racing a competitor may request to be weighed when the scales are not being used by the officials.
- **MANDATORY IMPOUND:** All Cal Club events covered by these Supplemental Regulations will have a mandatory Impound post each Qualifying and Race session. All cars appearing on track must report directly to the impound area after each qualifying, and race session. Even if your car suffers mechanical issues and you stop early, everyone must go through Impound (Tech) after each Qualifying and/or Race session. Impound will be located in the area of Tech. The Chief Steward will release each group as soon as possible. Those who will be double dipping must notify the Chief of Tech prior to impound to secure an early release to the next event.
- For events allowing Novice Drivers, those Drivers entered under a **NOVICE LICENSE** must display an **"X"** on the back side of their car, physically large enough to be viewable by approaching Drivers. The **"X"** shall remain on the car until the Novice License is upgraded to an approved, full, SCCA Competition License.

## DOUBLE DIPPING:

- Double Dipping is defined as running one car and one driver in more than one class and run group. For example, SM can be legal in both SM and STL. One driver in one car running in both groups during one sanctioned event is “double dipping”. SM double dipping in more than one group must meet the rules for every group entered (Example STL must meet all the SM rules including weight, tires and the like. Should a SM running STL run anything not legal in SM but legal in STL (tires for example) then the car must meet all of the STL rules, including weight) The goal of double dipping is to provide members an opportunity for more track time at a reduced rate, and does not insure competitiveness.

## PERSONAL TIMING SYSTEMS:

- Trackside triggers/beacons for data logging and lap timing systems shall be located in the designated area provided. This area will be 30 feet each side of the Start/Finish line at all tracks except California Speedway, which has a designated area set aside for this purpose.
- No devices are permitted elsewhere as they disrupt others attempting to get valid times.

## TRANSPONDERS:

- **AMB TRANX260** System transponders are required for all cars.
- **IT IS THE DRIVER’S RESPONSIBILITY TO MAKE SURE HIS/HER TRANSPONDER IS WORKING.**
- **Auto Club Speedway Specific:**
  - Due to the distance between the Timing and Scoring station and the track it is very important that the numbers on their race cars are clearly visible from a distance.
- Often on small open wheel cars the numbers are simply not visible from the Timing and Scoring tower. It is the racer’s responsibility to insure the numbers on his/her race car are sufficiently highlighted and/or of sufficient size to be read visibly by Timing and Scoring personnel.

## RACE GRID:

Gridding will be based on the best lap of the qualifying session for that race. During Majors Weekends, Gridding for Saturdays’ race will be based on Saturday’s Qualifying time. Gridding for Sunday’s race will be based on the best Lap from Saturday Qualifying, Saturday’s Race, and Sunday Morning’s Qualifying. At this time, Gridding in this fashion is just for the January and May Majors events.

## RACE LENGTH:

- Race length will be the number of laps or specified times as listed on each Event Schedule. Times on Schedule are for Off-the-Grid. Race-Clock starts with Green Flag. Note, for US Major's Tour events, Sunday's Races will target a minimum of 45 race miles.
- **TIMED SESSIONS:** The clock will continue to run during all flag conditions with the exception of the red flag.

## CONTACT IMPOUND:

- Reminder: Per GCR Section 6.11.1.E.: If a driver is involved in significant body contact, the driver and car shall stop at the designated incident investigation site (Black Flag/Impound area in Tech) for review of the incident by the stewards before going to their paddock area. The designated incident investigation site shall be identified in the Supplemental Regulations and/or a written driver's meeting. "Significant body contact" includes but is not limited to: contact resulting in 2 or 4 wheels off course, spins, loss of position, or repairs to suspension or bodywork.

## CAL CLUB CHAMPIONSHIP:

- Cal Club will track points to determine a **Class Champion** to award a Regional Champion for each class in the Cal Club Region. Awards will be given to all those finishing in the top three of their class and meeting all the requirements.

  - Must be a Cal Club member or Associate Member (Associate Member Form = <http://calclub.com/docs/CALCLUBASSOCIATEMEMBERSHIP-Application.doc>).
  - Must Finish a **minimum of 7 Cal Club Sanctioned Races** (finishing is defined as completing 50% of the laps of a sanctioned race).

Rev 1-3-2021

## DIVISIONAL (SoPac) PATH TO THE RUNOFFS:

- The Majors/ Super Tour path to the Runoffs is well defined in the 2021 GCR, but the Divisional Path is up to each Division. Per the updates of the GCR, Section 3.7.4.A, 2b –
  - b. Performance Requirement: A competitor must finish in the top three positions in his class point standings, except SM and SRF3 where the top five will be invited. *Drivers that have qualified through the Majors path or are the Defending National Champion in the class, may be removed from the Division point standings.*
- The SoPac Division of the SCCA is made up of the following Regions: Arizona, Arizona Border, Cal Club, Guam, Hawaii, Big Island of Hawaii, Las Vegas and San Diego. All licensed Club Racing drivers who are active SCCA members in the SoPac Division are eligible to earn points towards the SoPac Divisional Path to the Runoffs.
- Cal Club and SCCA have agreed to count ALL the Cal Club races as Divisional Qualifiers. To meet the **PARTICIPATION** requirement, all you would need is to run a minimum of **4 weekends** in any of the Cal Club races, be it Super Tour, Majors, and/or Divisional. (**Participation** is defined as turning a wheel on the racing surface during the SCCA Sanctioned part of a weekend) – as well as accumulate a minimum of **7 STARTS** (**Start** = taking GREEN FLAG) - bottom line – pick any of the 4 or more Cal Club hosted weekends.
- Points will be accumulated based upon the total number of Cal Club sanctioned races less two races.
- The top 3 point total owners in each Runoffs approved class will be eligible to attend the 2021 Runoffs using the Divisional Path, except for Spec Miata and Spec Racer Ford 3 which will take the top 5 positions.
- All SoPac Division Racing events will count towards the Divisional Path to the Runoffs. (Note - at the current time, only the Cal Club Region is hosting Road Racing events in the SoPac Division. Should other SoPac Regions hold SCCA sanctioned recognized road racing events in 2021, the SoPac Divisional Path as laid out may be updated.
- Points will be the same as the Majors Points system. Points are paid out as follows:  
25, 21, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, and 1
- No out-of-Division races will be counted.

# 2021 Supplemental Regulations

Rev 1-3-2021

## DIVISIONAL (SoPac) PATH TO THE RUNOFFS...continued

- AS noted in the first paragraph of this section, as well as in GCR 3.7.4.A – b. - If a driver competes in both the Majors and the Divisional path to the runoffs and earns an invitation to the runoffs via the Majors, his/her spot in the runoffs qualifications via the Divisional path will be forfeited and go to the next highest divisional qualifying driver. Thus, a driver will qualify either thru the Majors or Divisional for the runoffs, but not both ways.
- Ties in the Division Points standings are resolved based on the driver's record of first place finishes, then second place, then third, as needed. If two or more drivers have identical records they are tied for the position in the standings.

## CLUB FORD AND SPEC FORD TIRES:

- CLUB FORD and SPEC FORD TIRES: Three tires are specified to qualify, race and receive Divisional points, trophies and a victory flag in the Cal Club /SCCA Divisional FF championship:
  - 1) Hoosier R60a
  - 2) American Racer AR133
  - 3) Toyo R888
- A tire marking rule, as follows, is to discourage a competitor from putting on new tires for each session by limiting the number of new tires that can be used for the weekend. New tires must be marked by Tech personnel at a car's first officially timed on-track session (usually qualifying but can be a race if driver didn't participate in qualifying or race) of the weekend that is not declared a 'rain qualifying' or 'rain race' by the Stewards of the event, with the exception of a single replacement tire allowed by the damage rule below. Tires already marked from a previous race weekend may be used for qualifying or races and do not need to be re-marked.
- Only one set of 4 new tires may be marked and/or used per race weekend with the exception that one additional tire per weekend may be used without penalty in the case of damage. Said replacement tire must be marked by tech personnel before first use.
- Marked tires must be used in qualifying to be included in the qualifying results unless the session is declared a 'rain qualifying' by the Stewards of the event.
- A car excluded from the qualifying results due to non-compliance of the tire rule will start the subsequent race from the physical back of the grid (behind all cars) but will be scored normally. Cars that do so will be required to have their tires marked by tech personnel.
- A car starting a race on even one un-marked but legal tire will start at the back of the physical grid (behind all cars) regardless of their qualifying position but will be scored normally.

## CLUB FORD AND SPEC FORD TIRES...continued:

- A car participating with tires not on the approved list may run but will not be scored in either qualifying or the race and will start the race at the physical back of the grid.
- In the case of both these scenarios occurring in the same session (or one or more cars in each scenario) they will be moved to the physical back of the grid in the order in which they arrived at pre-grid.
- The Chief Steward may declare a 'rain race' at least 30 minutes prior to a scheduled race start to allow competitors the choice of changing to rain tires of any specification if they wish. In addition, a rain race or qualifying session may be declared if at least 30 minutes but no more than one hour prior to the race or session, a majority of the competitors who posted a practice or qualifying time sign a petition declaring it a change in condition race and present it to the Chief Steward. The change in condition applies only to the designated session and not to any other session.

## RESULTS:

- Results can be found at the Question Box at each event or at a specified area for each track, which will be announced in the driver's letter for the specific event. Results will be posted on My Laps .com (speedhive.mylaps.com) and on the Cal Club web site. Additionally any member may request **results be mailed if they make such request to Timing and Scoring after each event.**

## TROPHIES:

- Trophies and other awards shall be given to the top three finishers in each class. All first place finishers will receive a checkered flag. Trophies and awards will be presented in a ceremony at Impound after the race.
